

Friday, August 6, 2021

Dear parents and carers of Broadbeach State School students,

- Thank you for adhering to the Government restrictions. There have been over 1000 of our students learning from home this week.
- I acknowledge the work and dedication of the teacher aides on site this week. Their contributions with the supervision of children of essential workers was exemplary.
- I also recognise the leaders, administration, facilities and cleaning staff members on site who have ensured that we had a safe and smooth running facility this week.
- After being sent home earlier this week in compliance with the Chief Medical Officer's directive, our teachers provided continuity of learning and, judging by the feedback, did a sterling job in supporting you. I salute them.

Our team is very hopeful that the lockdown will be lifted so we can return to face-to-face teaching next week. I will be monitoring the press conferences throughout the weekend to learn our fate and communicate via the website News Story at:

<https://broadbeachss.eq.edu.au/calendar-and-news/news/lockdown-information-c-o-v-i-d19>

Moving forward:

- **If the lockdown is lifted**, we expect to return to normal routines, implementing an restrictions or directives from Education Queensland or Queensland Health
- **If the lockdown is not lifted**, we will continue with remote learning with some additional content and features on our "Virtual Classrooms".

Our team is ready for both scenarios and will continue to support you and your children.

Stay safe and keep smiling.

Bruce Langes
Principal
