

Thursday, January 13, 2022

Dear Parents and Carers of Broadbeach State School students,

Thank you for your ongoing support as we work together to respond to the evolving COVID-19 situation.

As announced by the Premier on Sunday 9 January, "*the start of the 2022 school year in Queensland will move from 24 January to 7 February to avoid opening schools during the predicted peak of the Omicron wave and allow more time for children to receive their COVID-19 vaccinations*".

Our school will remain open for children of essential workers and vulnerable children during this period.

Essential workers are only those who absolutely must continue to attend their workplace during this time. The Department of Education has asked all parents to consider the Chief Health Officer's advice and stay home with your children if you can.

To assist our planning, if you anticipate your child will require supervision at school, please complete the [Student Attendance Register](#) by 12:00 pm Thursday 20 January.

If you need to send your child to school you must ensure your child is well and not displaying any signs of illness.

We are reducing the number of staff members on our school site to minimise transmission and further protect the health and safety of our school community.

School staff will supervise any students who attend school. We will not be providing teaching activities during this time, nor are you expected to supervise remote learning for students who remain at home.

However, if you would like to support your child's learning during this time you can access the Department of Education's [learning@home website](#). This site contains a range of student learning material and links to other high-quality education websites.

I realise these latest developments may create challenges for families including members of our team. I am confident that, as we have in the past, we will collectively navigate this latest development.

The Department of Education will continue to keep all principals up-to-date with any further changes to schooling over the coming weeks and I will continue to provide you with this information as it becomes available. I encourage you to stay informed of the latest developments relating to COVID-19 by regularly visiting the [Queensland Government website](#), including the [frequently asked questions](#).

All school communications (letters, emails and SMS) will be accessible and regularly updated on our school website news story titled: [2022 Parent Information: COVID-19](#)

Thank you for your understanding as we continue to work together during this difficult and unprecedented time.

Yours sincerely

**Bruce Langes**  
Principal
