Access to this Virtual Classroom is based on your agreement at the time of enrolling at Broadbeach State School. Your enrolment and participation in this Virtual Classroom and any activities associated with this Virtual Classroom is based on the expectation that while learning online you:

- access the course with the supervision from a parent, carer or other adult
- only use the internet, school network and Virtual Classroom for educational purposes
- not access, search or upload content that is illegal, dangerous or offensive
- report if you accidentally came across something that is illegal, dangerous or offensive
- immediately clear any offensive pictures or information from your screen and quietly inform your teacher
- not reveal home addresses or phone numbers – either yours or anyone else's
- not to use the Internet / Virtual Classroom to annoy or offend anyone else
- use email and Discussion Boards in a sensible and inoffensive manner

At the time of enrolment you accepted that if the school decides you have not adhered to these expectations, appropriate action will be taken, which may include the loss of access to internet based school resources (including the Virtual Classroom) email privileges for a period of time.
